The water provided by GWMWater to these towns is not intended for human consumption purposes and water quality may vary from time to time.

Any water derived from the reticulated water supply in these towns should not be used for drinking, food preparation, ice making or other human consumption purposes.

Please note that the quality of water supplied to these towns has not changed.

GWMWater will continue to consult with your community and appropriate Government departments with regard to current and future water quality issues in these towns.

Want to know more?

If you would like to know more about your town's water quality or living with an untreated water supply, please visit our website at www.gwmwater.org.au or phone our Customer Contact Centre on 1300 659 961
