

Blue Green Algae alert for Green Lake

GWMWater has issued a Blue Green Algae (BGA) alert for Green Lake near Horsham.

*Certified to best practice standards
ISO 9001 / 14001 and AS/NZS 4801*

As a result the lake should not be used for recreation activities until further notice.

Horsham Rural City Council staff will erect signage at the lake advising of the BGA.

The lake will be regularly monitored and the community will be kept informed of the situation through the media.
